**Engineer** Software

# Services

Engineering services, with examples of delivered work.

From 1,400 DKK an hour, excluding VAT — and less per hour on a longer booking.

Software Engineering

## Software Engineering

- Deciding how the whole thing should be built [20]
  Platform & Solution Architecture
- The engine behind your app or website [32]
  Backend & API Development
- The screens people actually use [30]
  Frontend Development
- A working product, end to end [16]
  Full-Stack Product Development
- A website you can update yourself [22]
  Website Development & CMS
- Showing up when customers ask an AI [5]
  AI Agent Readiness
- Letting AI use the software you already have [5]
  AI Agent Tools & MCP Servers
- Maps that answer questions [13]
  GIS & Geospatial Solutions
- Making it obvious how to use [20]
  UI/UX Design & Design Systems
- Working in more than one language [8]
  Internationalization & Localization
- An AI assistant that knows your trade [5]
  Custom AI Agent Development

## Still working out what you need?

Tell us what is going wrong, or what you are trying to build. We will tell you what it would take, roughly what it would cost, and whether we are the right people for it.

**From 1,400 DKK an hour, excluding VAT — and less per hour on a longer booking.**

### Choose the capability you need

Choose the capability that matches the result your business needs.

**Get in touch**

### Examine each service's evidence

Each service leads to work that demonstrates it. Open the evidence before choosing a supplier.

**Cases** Get in touch →

### Prioritise the work to commission

Bring one priority and the systems it touches. We can help select the relevant services and boundaries.
